October 6, 2011

Dear James Logan High School BATA Participant,

Welcome to Building Adults Through Awareness (BATA), a program of Filipino Advocates for Justice. I hope that your school year is off to a good start. I am really looking forward to working with you.

I am always working to improve our program, so I would like a lot of input and participation from you; you will only get what you put into it! I arranged discussions that are for both large and small groups. Various activities, workshops and guest speakers have been planned for all of you. I'll talk more about them in meetings ahead.

Unfortunately, space for this group is limited and there are a lot of students on the waiting list. So, *the first thing you need to do is to complete and return all the necessary paperwork.* Forms must be turned in order to participate in any activities. You may turn them in to our advisor, Ms. Reilin Harper, House 3 Counselor.

I can meet with you individually so that we can get to know each other better and I can find out your needs or comments. It is important to see me to make an appointment.

I will regularly monitor your academic and attendance progress. If you're not doing well, let me know if I can help. Our rotating weekly meetings will be on Thursdays. You will receive a pass telling you where and what time our meeting will be... please make sure you sign in every time to keep your attendance records updated.

As your youth counselor, I am here to offer confidential services, unless I believe you or others are in danger. At which time, I have to refer you to a supervisor. I'll try to make myself available to you on and off campus. You can reach me at the Filipino Advocates for Justice office at (510) 487-8552. If I am not there, you may leave a message. I check it regularly. Or you can E-mail me at [ccara@filipinos4justice.org](mailto:ccara@filipinos4justice.org).

Well, I think that about covers it all. One last thing...Keep an OPEN MIND! Be prepared to meet new people, learn new things, visit new places and have FUN! See ya at our next meeting.

Sincerely,

Christopher B. Cara  
Youth Counselor

## Building Adults Through Awareness (BATA)

The BATA Program is a self-esteem building project that focuses the students' attention away from drug use, violence and other non-constructive behavior to positive personal development through Filipino culture grounding and positive self-image. Its purpose is to encourage realistic goals and choices through interactive educational workshops, group discussions and recreational activities. Students will be encouraged to voice their own thoughts and feeling about issues that may affect their lives.

Filipino Advocates for Justice is proud to offer BATA at two schools: James Logan High School and Alvarado Middle School in Union City. For more information, please contact the BATA Youth Counselor.
